## TOUCH-FREE ELECTRONIC WALL-MOUNTED FAUCET

### SPECIFICATIONS

Touch-free wall-mounted electronic faucet with an anti-ligature design. Offered with a proximity infrared sensor or a wave on-off infrared sensor. Powered by a 9V battery or 9V transformer. For cold or premixed water. Chrome plated body, other finishes available. Includes a low battery indicator. Adjustable settings by remote control: sensor range, security time, delay in, delay out, on-off and reset to factory settings.

### OPERATION

With Proximity sensor: The faucet is automatically activated when users place their hands in the sensor range and will stop once the users remove their hands.

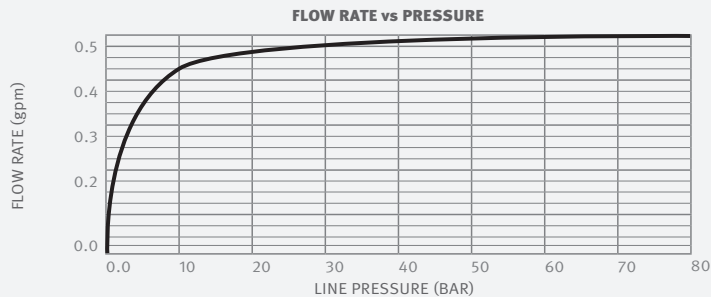

With Wave on-off sensor: The faucet is activated for an 8-second flow when users place their hands in close proximity to the sensor. The faucets shuts off when the flow time is over or if users place their hands in front of the sensor for a second time.

### APPLICATION

Wall-mounted faucet. Combines an anti-ligature design with vandal resistant features. Helps washrooms stay clean and saves water. Easy installation. Long lasting even in the harshest installation sites. Ideal for healthcare centers, hospitals and clinics.

### PRODUCT AT A GLANCE

Installation	Concealed wall-mounted
