

CSABA WM TOUCH FREE HAND SANITIZER STATION

SPECIFICATIONS

Touch free wall mounted or desktop touch free electronic hand sanitizer station with concealed sensor in chrome plated spout.

Helps prevent cross contamination in schools, banks, hospitals, supermarkets, schools and any other high traffic public areas. Can be used with any brand of non-proprietary hand sanitizer of the correct viscosity up to 3800cPs. Compatible with Ethanol, IPA Isopropyl Alcohol - Up to 80% and Alcolgel. Includes 1.6 gallon (6L) tank.

OPERATION

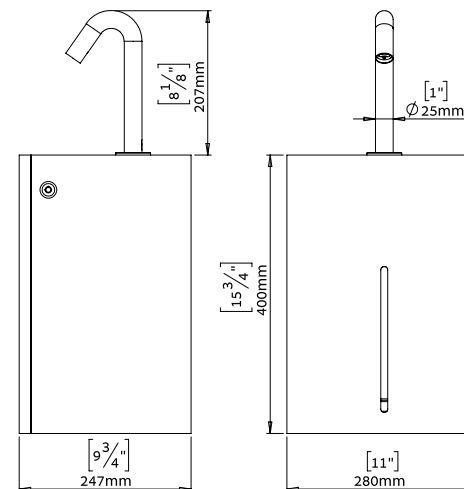

Touch free wall mounted or desktop touch free electronic hand sanitizer station operated by an infrared sensor. The hand sanitizer automatically dispenses a preset quantity of disinfectant when users place a hand within sensor range.

APPLICATION

Touch free wall mounted or desktop touch free electronic hand sanitizer station to be placed in schools, banks, hospitals, supermarkets, schools and any other high traffic public areas.
