

# EXTREME 1000 BRE TOUCH-FREE ELECTRONIC LAVATORY FAUCET

## SPECIFICATIONS

Touch-free electronic faucet for deck-mounted installations. With mixer for water temperature adjustment for hot and cold water. Features a permanent ring illumination. Activated by Infrared sensor. Chrome plated body, other finishes available. Battery version includes a low battery indicator. The Extreme line has an Infrared sensor and a solenoid valve inside the product's body for added vandal resistance. Adjustable settings by remote control: Sensor range, Security time, Delay In, Delay Out and On-Off. 24 hour mandatory hygiene flush option can be provided upon request.

## OPERATION

Touch-free electronic faucet operated by an infrared sensor. The faucet automatically activates when users place their hands within sensor range and stops when they remove them from the sensor range. The permanent ring illumination blinks while water runs out of the faucet.

## APPLICATION

Touch-free electronic faucet for deck-mounted installations. With its minimalist design, the faucet is perfectly balanced with rounded edges and smooth transitions. Ideal for stadiums, train and bus stations and highway rest stops. Matching touch free battery or transformer powered soap dispenser available.
