

# TUBULAR SOAP DISPENSER AISI316

## TOUCH-FREE ELECTRONIC SOAP DISPENSER

### SPECIFICATIONS

Touch free electronic soap dispenser for wall mounted installations. Activated by infrared sensor. AISI316 body, other finishes available. Includes a 1 liter soap bottle and bottle support. Optional for remote installation: extension cable and longer piping.

The following functions can be performed by using Stern remote control: soap quantity selection, refill the soap tank, temporary off, coming back to factory settings.

### OPERATION

Touch-free electronic soap dispenser operated by infrared sensor. The soap dispenser automatically

activates when users place their hands within sensor range, providing a measured amount of soap (adjustable by remote control). If the users remove the hand before the full amount is dispensed, the soap dispenser immediately stops the soap flow.

### APPLICATION

With the dripless automatic shutoff, this soap dispenser helps washroom organization and cleanliness. Combined with the touch-free electronic faucet, it creates a germ-free automated environment. Ideal for shopping malls, sport facilities and entertainment centers.
