

# EXTREME CS 1000 TOUCH-FREE WALL MOUNTED FAUCET

## SPECIFICATIONS

Touch-free wall-mounted electronic faucet. With thermostatic mixer for water temperature adjustment for hot and cold water. Powered by IP67 dual power input box that allows the faucet to be used with 9V battery (battery not included) or 9V transformer. Can be powered by a 9V transformer and an integrated back up system to be used with 9V lithium battery enabling the faucet to be used normally in case of power failure. Chrome plated body. Activated by concealed sensor built into the spout. Filter included. Sensor includes a low battery indicator. Adjustable settings by remote control: sensor range, security time, delay in, delay out, on-off and reset to factory settings.

## OPERATION

Touch free electronic faucet. The faucet is activated automatically when the users bring their hands within the sensor range and deactivates upon removal.

## APPLICATION

Combining an elegant design with vandal-resistant features. Easy installation. Long lasting even in the harshest installation sites. Helps washrooms stay clean and saves water. Prevents cross contamination. Ideal for offices, hotels and restaurants. Paired with Extreme CS SD touch free soap dispenser, it creates a germ-free and automated environment
